# ILS

**AM GENERAL AWARD-WINNING ILS SUPPORT:**

- Maintenance Planning
- Manpower, Personnel and Human Factors
- Parts, Packaging, Warehousing and Global Distribution
- Supply Chain Management
- Interactive Electronic Technical Manuals
- Data Source Collection
- Spare / Repair Part Provisioning
- Test Planning, Equipment and Execution
- Training
- Design Interface

**SELECT ALL**

## Integrated Logistics Support

# Global Logistics Solutions

## Maintenance

### Engineering / Planning

- Supportability and maintenance analysis of engineering design and modifications
- Kit design, prototyping, and documenting
- Reliability Centered Maintenance (RCM)
- MANPRINT
- Level of Repair Analysis (LORA)
- Repair vs. Discard
- Define levels of maintenance
- Test, Measurement, and Diagnostic Equipment (TMDE) and special tool requirements

### Provisioning Spare / Repair Parts

- Online Provisioning Master Record (PMR) access
- Online DLIS screening and NSN assignment during provisioning conferences
- Electronic Supplementary Provisioning Technical Documentation (SPTD) deliveries
- LOGSA-provided network-based powerLOG J system
- Logistics Management Information (LMI) deliveries in MIL-STD-1388-2B format

AM General is ISO9001-2000 registered

## Technical Publications

- Complete line of technical publications, from paper-based to Class V Interactive Electronic Technical Manuals (IETMs) with intrusive diagnostics
- Point-to-Point (P2P) interactive schematics linked to IETM or standalone
- Operator and maintenance manuals, two and four level maintenance compliant
- Extensive Arbortext Epic Editor XML Authoring experience
- Repair Parts and Special Tools List (RPSTL)
- National Maintenance Work Requirements (NMWRs)
- Modification Work Orders (MWOs)
- Technical Bulletins (TBs)
- Digest Articles and PS magazine
- Fully-equipped Validation and Verification facilities

## Graphic Design / Illustration / Video Production

- IsoDraw illustration system and CAD interface
- Computer created vector and raster graphics
- Computer generated animations
- Full digital video production
- CAD 3D modeling

## Packaging Engineering Solutions and Documentation - MIL-STD-2073

- Common
- Select
- Special Packaging Instructions (SPI)
- Shipment and storage instructions (IAW ATPD-2241)
- Long-Life Reusable Containers (LLRC)
