

## **R. Andrew (Andy) Hove**

President and Chief Executive Officer

Andy Hove has over 25 years of experience in the Defense and Aerospace industries. He is also a former U.S. Army officer who served in a wide range of operational, command and staff assignments. Prior to joining AM General, Hove held management and executive positions with HDT Global, Mistral Group, Oshkosh Defense, BAE Systems, United Defense, FNSS Defense Systems and Vinnell Corporation.

Hove has led a wide range of programs in the defense, security and aerospace sectors, including technology development, systems integration, manufacturing, logistics services and technical support. His international background includes working assignments in Germany, Saudi Arabia and Turkey. He has successfully captured and delivered programs across the globe including multi-million dollar programs in the United States, Canada, Mexico, South America, the United Kingdom, the European Union, Turkey, Israel, Saudi Arabia, the United Arab Emirates, Egypt, Southeast Asia, Japan, Australia and Korea.

Hove holds a bachelor's degree from Nebraska Wesleyan University, a master's degree in national security affairs from the Naval Postgraduate School and a master's degree in business management from the University of Michigan. He also holds highest level of certification in defense program management from the Defense Acquisition University.

Hove is active in a wide range of community and industrial associations. He is currently a board member of the National Defense Industrial Association and serves on the executive committee and the audit committee.

###

AM General designs, engineers, manufactures, supplies and supports specialized vehicles for military and commercial customers worldwide. Through its military business, the company is widely recognized as the world leader in design, engineering, manufacturing and logistics support of Tactical Vehicles, having produced and sustained over 300,000 vehicles in more than 70 countries. AM General has more than five decades of experience meeting the changing needs of the defense and automotive industries, supported by its employees at major facilities in Indiana, Michigan, and Ohio, and a strong supplier base that stretches across 43 states.
