

AM GENERAL LLC

Standard Terms and Conditions of Purchase

1. **Applicability of Terms and Conditions.** The Purchase Order, Quantitative Order, or Long Term Agreement (including the Prime Purchase Order issued under the Long Term Agreement) (as applicable, the “**Purchase Document**”), these Terms and Conditions (including any mandated prime contract flow-downs within USG prime contracts) and any statement of work, statement of performance, requirement, specification or other document attached by Buyer to or incorporated by Buyer by reference in the Purchase Document or these Terms and Conditions (collectively, this “**Order**”), establish and constitute the complete and exclusive agreement between AM General LLC (“**Buyer**”) and the party to whom this Order is addressed and that party’s affiliates, parents, subsidiaries, and divisions (collectively, “**Seller**”) with respect to the production, purchase, sale and delivery of the Goods or performance of the Services

2. **Definitions.** Capitalized terms used but not defined in these Terms and Conditions have the meaning given to them in the definitions appendix attached at the end of these Terms and Conditions.

3. **Acceptance.**

3.1 *Timing.* Seller has read and understands this Order. Seller accepts this Order upon Seller returning to Buyer the Purchase Document executed by Seller including, if the Purchase Document is a Long Term Agreement, the Prime Purchase Order. Upon execution of the Purchase Document by Seller, this Order will become binding on Seller and Buyer and Buyer’s failure to return a counter-signed copy of the Purchase Document will not preclude acceptance in accordance with the foregoing terms. SELLER SPECIFICALLY WAIVES ANY REQUIREMENT FOR SIGNED ACCEPTANCE OF THIS ORDER BY BUYER. IN ADDITION, IF SELLER FAILS TO PROVIDE A SIGNED COPY OF THE PURCHASE DOCUMENT BEFORE COMMENCEMENT OF WORK ON THE GOODS OR SERVICES, SELLER AGREES THAT IT WILL BE DEEMED TO HAVE ACCEPTED THE ORDER UPON SELLER’S COMMENCEMENT OF WORK ON THE GOOD OR SERVICES, INCLUDING THE SHIPMENT OF GOODS OR PERFORMANCE OF SERVICES, AND SELLER’S COMMENCEMENT OF WORK ON THE GOODS OR SERVICES WILL SERVE AS SELLER’S PROMISE TO BUYER TO DELIVER AN EXECUTED COPY OF THE PURCHASE DOCUMENT UPON REQUEST BY BUYER.

3.2 *Different or Additional Terms; Precedence.* All terms and conditions added by Seller that are different from or in addition to this Order (whether in Seller’s quotation, Seller’s Order acknowledgment, Seller’s invoice, or otherwise) are expressly rejected by Buyer and shall not become a part of this Order. The parties intend that this Order will exclusively control their relationship with respect to the Goods. If there is conflict between the Purchase Document, these Terms and Conditions, any prior or contemporaneous agreement or document exchanged between Buyer and Seller, or any other document attached to or incorporated into the Purchase Document by reference, (A) the applicable FAR and DFARS clauses incorporated by reference in these Terms and Conditions shall control over any other document, including any other provision of these Terms and Conditions except this Section 3; (B) the terms of the Purchase Document (excluding these Terms and Conditions and any document attached to or incorporated by reference in the Purchase Document) shall control over any other document except the applicable FAR and DFARS clauses incorporated by reference in these Terms and Conditions and this Section 3; and (C) these Terms and Conditions shall control over any document other than the Purchase Document, including, without limitation, any statement of work attached to or

incorporated by reference in the Purchase Document. The parties have agreed and it is their intent that the “battle of the forms” described in Section 2-207 of the Uniform Commercial Code will not apply to this Order or to any invoice or acceptance form of Seller relating to this Order.

3.3 *No Modification without Buyer’s Consent.* These Terms and Conditions may not be modified or amended without the written consent of Buyer. No officer, employee or other representative of Buyer is authorized to make any oral contract or commitment for the purchase of Goods or to modify or change the terms and conditions of this Order unless such modification or change is in writing and approved by Buyer’s Authorized Representative.

3.4 *Rated Order Contract.* This Order may contain rated order quantities certified for national defense use, Seller will follow all of the provisions of the Defense Priorities and Allocation System (DPAS) regulation (15 CFR 700) as it pertains to the rated quantities. Rated quantities will be specifically identified either in a Prime Purchase Order or Quantitative Order, as applicable. Seller is required to comply with acceptance/rejection guidelines and requirements set forth in 15 CFR §700.13(d). Specifically, Seller must (a) accept a DX rated Prime Purchase Order or Quantitative Order within ten (10) business days after receipt of this Order or (b) accept a DO rated Prime Purchase Order or Quantitative Order within fifteen (15) business days after receipt of this Order, in each case, in the manner prescribed therein (if any). Seller’s failure to specifically accept a DX rated or DO rated Prime Purchase Order or Quantitative Order shall not relieve Seller of its obligations under this Order.

4. **Duration.** Unless this Order specifies otherwise, the term of this Order begins on the effective date shown on this Order (the “**Effective Date**”) and continues for the period of time set forth on this Order (the “**Term**”). After the Term, this Order will expire subject to survival of the sections identified in Section 34.5 of these Terms and Conditions.

5. **Price; Payment Terms; Invoices.**

5.1 *Price.* Prices for the Goods or Services described in this Order are fixed as specified in the Order and constitute the total price for the manufacture and delivery of the Goods or Services. Seller is not entitled to adjustments in the purchase price except as expressly provided in this Order and will not add charges of any type to an invoice without prior written consent from Buyer, which consent would constitute an amendment to this Order. Prices may be subject to decreases if specified elsewhere in this Order. Seller represents and warrants to Buyer that the price charged to Buyer complies with all applicable governmental laws and regulations in effect at the time of quotation, sale, and delivery.

5.2 *Taxes.* Seller’s prices shall be exclusive of any Federal, State or Local Sales, Use or Excise taxes levied upon, or measured by, the sale, the sales price, or use of goods required in the performance of this Order. Seller shall list separately on its invoice any such tax lawfully applicable to any such goods, and payable by Buyer, with respect to which Buyer does not furnish to Seller an exemption certificate. At Buyer’s option, Buyer may pay any taxes directly to the applicable taxing authority and not to Seller. Seller’s prices shall not include any taxes on property owned by the Government unless authorized in writing by Buyer. Seller agrees to comply with any reasonable request by Buyer regarding payments under protest, and regarding any refunds, claims, litigation or proceedings with respect to any such taxes and to make appropriate adjustments to afford Buyer the benefit of any refund or reduction in such taxes.

5.3 *Payment Terms.* Unless otherwise specified on the face of this Order, the payment period shall be “net 60” and calculated from the later of (i) the invoice date or (ii) the date Buyer receives the Goods or Services; provided, however, Seller must acknowledge receipt of this Order by electronic mail addressed to the representative of Buyer who issued the Order for any invoice to be processed. If a

payment date falls on a non-business day, payment will be due on the following business day. When shipments to places other than Buyer's plant are authorized, Seller's invoices will be paid by Buyer at the time specified on the face of this Order but not before acknowledgment of receipt of shipment by the consignee. Buyer shall be entitled to any discounts allowable by Seller for prompt payment even though Buyer is unable to make payment within the time limits set by Seller where such failure is due to strike or other causes beyond the control of Buyer. Any amount paid by Buyer for Goods will not be deemed to be a waiver of any breach of this Order by Seller or any amount otherwise due to Buyer.

5.4 *Invoices.* Seller's invoices shall include the Order number, amendment number, Schedule Notice number (if applicable), Buyer's part number, Seller's part number, quantity of pieces in the shipment, number of cartons or containers, Seller's name, bill of lading number, and the name and department number of the Seller's representative that is responsible for questions relating to the invoice. No invoice may reference any term separate from or different than these Terms and Conditions or other terms in this Order. Buyer reserves the right to reject and return all invoices or related documents submitted incorrectly. Any payment by Buyer of a nonconforming invoice is not an acceptance of any nonconforming element or terms on such invoice. Seller must provide separate invoices for each shipment and all freight charges billable to Buyer must be issued on a separate invoice regardless of the delivery location. On the date of shipment, Seller must mail an original and one copy of each invoice to AM GENERAL, P.O. Box 7005, 105 North Niles Ave., South Bend, Indiana 46634-7005. All invoices must be approved by the authorized representative of Buyer that issued the Order.

5.5 *Lien Waivers.* Neither the final payment nor any partial payment will become due under this Order until Seller delivers to Buyer waivers of liens from all subcontractors and suppliers providing for a complete release of all possible liens arising out of this Order, or receipts in full in lieu thereof; and, in either case, a notarized affidavit stating that said releases and receipts cover all materials and labor incorporated in the work for which a lien might be filed. Seller may, if any subcontractor or supplier refuses to furnish a release or receipt in full, furnish a bond, satisfactory to Buyer to indemnify Buyer against any claim by lien or otherwise. If any lien or claim remains unsatisfied after all payments are made, Seller will refund to Buyer all moneys that the latter may be compelled to pay in discharging such lien or claim, including all costs and reasonable attorney's fees.

5.6 *Most Favored Customer Pricing.* During the Term, Seller represents and warrants that the price of each and every Good in this Order has not exceeded, does not exceed, and will not exceed the contract price ("**Contract Price**") for the same or similar Good (without regard to the terms and conditions) in any contract entered into between Seller and any other commercial or non-commercial customer (including the Customer) during the three months prior to this Order and during the term of this Order. If Seller breaches this representation and warranty, the Order price for such Good shall be the lower Contract Price and Seller shall pay Buyer a refund of the difference between the Order price and the lower Contract Price for every Good that Buyer purchased since Seller gave the other Customer the lower Contract Price. Buyer has the right, but not any obligation, to audit all relevant records of Seller to test, verify and/or assure Seller's compliance with this provision. Seller agrees that Buyer does not waive, forfeit, or otherwise lose or restrict its rights and remedies under this Section by not auditing Seller's records.

6. **Quantity; Delivery Terms.**

6.1 *Quantity.* The quantity of Goods or Services required by this Order are specified on the face of this Order. Buyer is not required to make payment for Goods or Services delivered to Buyer which are in excess of the quantity specified on the face of this Order or in Buyer's Schedule Notices, as applicable.

6.2 *Delivery.* Delivery of Goods and Services must be made both in the quantities and at the times specified by Buyer in this Order or in Buyer's Schedule Notices, as applicable. Seller shall not insure or declare value of any shipment made F.O.B. shipping point. Seller will maintain at its expense and risk a quantity of safety stock of finished Goods and materials at the latest design level. Seller must ensure it has sufficient resources, including equipment and plant capacity, to meet Buyer's needs. Buyer may change the rate or timing of scheduled shipments or direct temporary suspension of scheduled shipments, neither of which will entitle Seller to a modification of the price for Goods or Services covered by this Order. Seller will promptly furnish all properly completed documents and other information required in accordance with customs, tariffs or other applicable governmental regulations including, but not limited to, customs documentation and certificates of origin. Buyer reserves the right to cancel this Order without liability and without waiver of any other remedies provided herein or under applicable law if delivery is not effected as specified herein, in the Order, or in the Schedule Notices.

6.3 *Premium Shipping Expenses.* Seller will adhere to shipping directions specified on this Order or Schedule Notices. Premium shipping expenses and/or other related expenses necessary to meet delivery schedules will be Seller's sole responsibility unless: (i) the delay or expense was solely the result of actions by Buyer which materially breach Buyer's obligations in this Order (if such material breach was not caused by Seller); (ii) Seller provides Buyer with written notice of any claim against Buyer within ten (10) days after the occurrence of the alleged actions of Buyer giving rise to such claim; and (iii) Buyer's purchasing representative specifically authorizes the payment of such premium shipping expenses by Buyer in writing. In addition to any other rights Buyer has under this Order, Buyer reserves the right to set off and recoup (including, without limitation, by debiting Seller's account) premium shipping expenses that are due and payable by Seller.

6.4 *Title and Risk of Loss.* Title to Goods and risk of loss pass to Buyer at the time and place of delivery. If no time and place of delivery is specified, title and risk of loss will pass to Buyer upon Buyer's receipt of the Goods at Buyer's facility.

6.5 *Delay.* Time is of the essence in performing this Order. Should Seller experience or anticipate any delay in performing this Order, whether or not such delay is excusable under any provision hereof, Seller shall immediately notify Buyer of such delay, its expected duration and the reasons thereof. Neither such notification nor an acknowledgment by Buyer shall constitute a waiver of this Order's delivery schedule. In addition to any other liability of Seller set forth in this Order, Seller shall be liable for any direct, indirect, incidental, special and consequential damages resulting from a delay.

6.6 *Personal Purchases.* Notwithstanding anything to the contrary contained herein, under no circumstances may Seller sell Goods or other products or provide services directly to individual employees of Buyer pursuant to, or under, this Order. If Seller makes, sells, or offers to sell Goods or other products or provide services to individual employees of Buyer under this Order then, in addition to any right or remedy Buyer may have under this Order, at law, or in equity, Buyer may immediately terminate this Order without liability to Seller.

7. **Packaging.**

7.1 Seller must (i) properly pack, mark and ship Goods in accordance with Buyer's requirements and the involved carrier in a manner to secure the lowest transportation cost; (ii) route shipments in accordance with Buyer's instructions; (iii) make no charge for handling, packaging, storage, transportation (including duties, taxes, fees, etc.), cost of vehicle or other transport expenses unless otherwise approved by Buyer in writing or otherwise set forth in this Order; (iv) provide Buyer with packing slips identifying the Order number, delivery schedule number, part number; and (v) promptly forward to

Buyer the original bill of lading or other shipment receipt for each shipment that will be sufficient to enable Buyer to easily identify the Goods purchased. Markings must be in English unless this Order specifies otherwise. Seller will reimburse Buyer for all expenses, including damage to the Goods incurred due to improper packing, marking, loading or routing.

7.2 In addition to the requirements of Section 7.1, Seller must:

- (A) Provide separate packing lists for each Order and include the packing lists with each shipment. The location of the packing slip must be clearly marked on the container and contain Buyer's part number for the Goods.
- (B) Provide the complete Order number on all documents.
- (C) Identify single item containers with Order number, part number, and quantity. When multiple Orders or items are combined in one container, Seller must separately package the Orders or items inside the container and the packages must be identified as to Order, part number and quantity.
- (D) Suitably package and prepare all items for shipment to ensure all items withstand normal transportation and stocking functions and otherwise comply with standard packs that Buyer's uses as an integral element of Buyer's standardize material system.
- (E) Deliver items intended for Buyer's production lines in standard quantities and pack sizes as specified by Buyer in the RFQ or RFP and subsequent release to ship documentation and ensure all containers comply with Best Commercial Practices and be compatible with Buyer's part plan as indicated on the Vehicle Part Record (VPR).
- (F) Provide test reports, x-rays, certificates and other supporting documents with each shipment when required by this Order.
- (G) Provide separate bills of lading and separate containers for each shipment destined for different Buyer facilities.
- (H) Provide Goods that are marked in such a manner to be readily identifiable with the part number reflected on the Order.
- (I) Unit package and identify as a complete unit all kits, assemblies, and all article consisting of multiple items (e.g., hardware, pins, gaskets, etc.).
- (J) Mark individually packaged Goods. Seller must tag or bag and separate into lots single Goods that are too small to be separately identifiable. Seller will provide tags and/or bags, for handling and storage purposes, which are properly marked with the Order description and part number.

8. **Quality.**

Seller must comply with all quality standards, regulations and legal requirements associated with the Goods or Services, including any specified Customer requirements and the requirements of Buyer's "AM General Supplier Quality Manual Revision January 2019" (formerly referred to as "Supplier Quality

Guidelines Quality Assurance Requirements AM General FM1261-1”), available at <http://www.amgeneral.com/our-suppliers/military-programs-resources/>, which document is incorporated by reference in this Order. Seller’s quality management system must meet the quality requirements of ISO 9001 series latest revision. Seller must maintain complete records of all inspection work as to a particular Good for a ten (10) year period. Seller will analyze and review Buyer’s specifications and drawings of the Goods before acceptance of this Order and acknowledges that Buyer’s specifications and drawings are sufficient and adequate to manufacture the Goods in compliance with this Order.

9. **Specifications.**

9.1 *Compliance.* Unless otherwise specified in this Order, Seller shall comply with all drawings and specifications cited in this Order or made part of this Order by reference. Unless a different issue is specified on the drawings or in the Order, the issue in effect as of the issuance of the Government Solicitation or amendment thereof shall apply to any specifications cited in this Order.

9.2 *Inspection.* Goods or Services purchased under this Order are subject to Buyer’s inspection and approval; provided, however, that Seller agrees that Buyer is not required to perform an inspection of incoming Goods and waives any right to require Buyer to conduct such inspections. Buyer may also choose to inspect the Goods in process at facilities of Seller or its lower-tier suppliers. Buyer, at its option, may reject or require corrections to Goods or Services that are defective in material or workmanship or otherwise not in conformity with the requirements of this Order. Goods that are rejected will be returned for credit, replacement or reworking at Seller’s risk and expense, and all inspection, rework completed by Buyer, handling, administrative and transportation expenses, both ways, are Seller’s responsibility. No Goods returned as defective will be replaced or reworked without written authorization from Buyer.

- (A) *Evaluation.* Buyer reserves the right for itself and the Government to conduct surveillance and evaluation of Goods or components thereof at Seller’s producing facility and to have Goods inspected by Buyer and/or Government at source. Seller agrees to comply with the requirements of the Government and/or Buyer for source inspection.
- (B) *Examination.* Seller shall make available for examination results of tests and inspection reports if requested by Buyer and/or Government. Inspection records of the examination and tests performed by Seller shall be kept available to Buyer and/or Government for a period of four (4) years following completion of this Order. Buyer reserves the right for itself and the Government to conduct inspection and tests of all Goods to the extent practicable at all times and places, including the place of manufacture.
- (C) *Acceptable Goods and Services.* Notwithstanding the provisions of this section, Seller is not in any way relieved of the final responsibility to furnish acceptable Goods or Services in accordance with all the requirements of this Order. Specifically, no inspection or evaluation performed by Buyer or Buyer’s Customer shall in any way relieve Seller or its suppliers of their respective obligations to furnish all Goods and Services in strict conformance with the requirements of this Order.

9.3 *No Waiver.* Buyer’s inspection of Goods or Services, payment for Goods or Services before inspection, or decision not to inspect the Goods or Services, will not (a) constitute acceptance of the Goods or Services, (b) limit or impair Buyer’s right to assert any legal or equitable remedy, or (c)

relieve Seller's responsibility for any warranty or latent defect. Without limiting the foregoing, and while Buyer reserves the right to inspect and reject Goods or Services, failure of Buyer to inspect or reject shall not waive Buyer's right to reject Goods or Services if defects or non-conformity to specifications are discovered at a later date, whether or not such defects or non-conformity are patent or latent, nor shall failure to inspect or reject Goods or Services affect Buyer's right to damages on account of Seller's delivery of defective or non-conforming Goods or Services.

9.4 *No Defects.* Notwithstanding any other provisions of this Order, all Goods and Services provided by Seller shall be free from all defects and imperfections that might affect the serviceability and function of the Goods or Services. The workmanship shall be of a quality to assure that the Goods and Services are free from any defects, improper manufacturing or assembly practices that compromise, limit or reduce the Goods' capability or that of Buyer's end-item into which any Good is incorporated.

10. **No Drawing Changes.** No drawing changes may be made by Seller without Buyer's prior written approval. Seller will provide updated drawings to any new Good configuration with explanation as to how the changes incorporated differ from the previous configuration.

11. **Material, Equipment, Tools and Facilities.**

11.1 *Requirements.* Unless otherwise stated in this Order, Seller shall supply all material, equipment, tools and facilities required to perform this Order.

11.2 *Seller Property.*

- (A) Unless otherwise agreed to by Buyer, Seller, at its expense, will furnish, keep in good condition, and replace when necessary all machinery, equipment, tools, jigs, dies, gauges, fixtures, molds, patterns and other items that are not paid for by Buyer but are necessary for the production of the Goods ("**Seller Property**"). Seller will insure the Seller Property with coverage for all losses for its replacement value. Seller grants Buyer an irrevocable option to take possession of and title to the Seller Property that is used exclusively for the production of the Goods upon payment to Seller of its net book value less any amounts that Buyer has previously paid to Seller for the cost of such items, but less any amounts otherwise owing to Buyer by Seller.
- (B) This option will not apply if: (i) Seller Property is used to produce Goods that are the standard stock of Seller, (ii) Seller Property is used to produce a substantial quantity of like Goods which are being sold by Seller to others, and (iii) in connection with a termination of this Order under Section 24 (Termination for Convenience) of these Terms and Conditions. If the Seller has financed any portion of the Seller Property, the Seller will obtain from its financing source for the Buyer any waiver, release or approval necessary for it to exercise the rights granted under this Section.
- (C) To the extent any Intellectual Property owned by or licensed to Seller is embodied in, or is otherwise necessary for the intended use of, any Seller Property, Seller hereby grants to Buyer a fully paid, irrevocable, non-exclusive, worldwide, royalty-free license, perpetual to the maximum extent permitted by law, with the right to grant sublicenses as necessary for any use of the Seller Property, to use such Intellectual Property.

11.3 *Buyer-Furnished Property.*

- (A) Title to all property furnished to Seller by Buyer or specifically paid for by Buyer, or the cost of which is fully or substantially amortized in the price of the Goods purchased hereunder, and any replacement thereof, shall remain in and with Buyer with the right of possession in Buyer.
- (B) Seller shall not use, reproduce, appropriate or disclose to anyone other than Buyer any material, preproduction samples, tooling, dies, drawings, designs, specifications, software, technical information and other property or data furnished by Buyer nor shall Seller use the same to produce or manufacture goods other than those required hereunder without prior written authorization from Buyer. Where the Government has received from Buyer the right to authorize such use by Seller, Seller may utilize Buyer's data and information in the manufactured goods for direct sale to the Government; provided, however, that Seller shall (i) give Buyer prior written notice of each such proposed use; (ii) prominently identify each item being provided by Seller for direct sale to the Government; and (iii) make no claim against Buyer which arises out of use by Seller of such data and information. Buyer does not guarantee the accuracy of any tooling or the quality or suitability of any material supplied by it. Seller shall bear the risk of loss, damage or destruction, unless such loss, damage or destruction is solely, directly and proximately caused by Buyer's negligence.
- (C) All Buyer-furnished property, together with spoiled and surplus materials, shall be returned to Buyer at termination or completion of this Order unless Buyer shall direct otherwise in writing. Where Buyer's data, designs or other information are furnished to Seller's suppliers for procurement of supplies or services by Seller for use in the performance of Buyer's Order, Seller shall insert the substance of this provision in its subcontracts. Seller acknowledges that any such data, designs or other information of Buyer are unique, and that Buyer may enforce its rights under this paragraph by specific performance.

11.4 *Evidence of Satisfactory Tools.* Invoices and photographs of tools will not be rendered by Seller until Buyer accepts satisfactory Goods produced by such tools as specifically agreed in this Order. Upon acceptance of a satisfactory Good, Seller shall render all invoices and a scaled photograph for each tool listed on the Order to Buyer. The reverse side of the photograph shall reference the tool number, nomenclature and Order number. All negatives and prints shall become the property of Buyer and no reproductions shall be made without the written consent of Buyer. (A "scaled photograph" is an ordinary photograph which includes a scale ruler, or other measuring device to indicate the approximate size of the tool.)

12. **Replacement Parts.** Seller will sell to Buyer Goods necessary for Buyer to fulfill its current model service and replacement parts requirements at the price(s) set forth in this Order. If the Goods are systems or modules, Seller will sell the components or parts that comprise the system or module at price(s) that will not, in the aggregate, exceed the price of the system or module less assembly costs. During the 10-year period after Buyer completes current model purchases, or such longer period as prescribed by applicable law, Seller will sell Goods to Buyer to fulfill Buyer's past model service and replacement parts requirements. Unless otherwise agreed to by Buyer, the price(s) during the first three (3) years of this period will be those in effect at the conclusion of current model purchases. For the

remainder of this period, the price(s) for Goods will be as agreed to by the parties. When requested by Buyer, Seller will make service literature and other materials available at no additional charge to support Buyer's service-part sales activities.

13. **Ingredients; Special Warnings.** If requested by Buyer, Seller will promptly furnish to Buyer in such form and detail as Buyer may direct: (a) a list of all ingredients in the Goods; (b) the amount of all ingredients; and (c) information concerning any changes in or additions to such ingredients. Before and with the shipment of Goods, Seller agrees to furnish to Buyer sufficient warning and notice in writing (including appropriate labels on the Goods, containers and packing and/or provision of applicable materials safety data sheets) of any hazardous material that is an ingredient or a part of any of the Goods, together with such special handling instructions as may be necessary to advise carriers, Buyer and their respective employees of how to exercise that measure of care and precaution that will best prevent bodily injury or property damage in the handling, transportation, processing, use or disposal of the Goods, containers and packing shipped to Buyer. Seller will also provide Buyer with any information necessary to allow Buyer to comply with any of its reporting processes.

14. **Unilateral Amendments, Modifications, or Changes.**

14.1 *Buyer's Right to Amend, Modify or Change.* Buyer shall have the right at any time, by written direction of Buyer's Authorized Representative that identifies such writing as an amendment, modification, or change to this Order, to (i) suspend all or any portion of Seller's work or (ii) to make changes within the general scope of this Order that affect any one or more of the following:

- (A) drawings, designs, quantities, or specifications of Goods to be provided under this Order;
- (B) the statement of work or description of Services;
- (C) method of shipment or packing;
- (D) the time or place of performance, inspection, delivery, or acceptance of Goods; and
- (E) the amount of Buyer-furnished or Customer-furnished property or facilities.

14.2 *Price/Delivery Adjustment.* If any such suspension, modification, or change causes a change in the cost of, or the time required for, performance of this Order, Buyer shall make an equitable adjustment in the price or delivery schedule or both, and Buyer shall modify this Order in writing accordingly. Any claim by Seller for such equitable adjustment must be made in writing within 10 days from the date of receipt of a written order from Buyer's Authorized Representative directing such a suspension or change. Buyer has the right to audit all relevant records, facilities, work or materials of Seller to verify any claim. Minor design changes will not result in price increases.

14.3 *Seller's Obligation to Perform.* Nothing in this Section 14, including any disagreement with Buyer as to any equitable adjustment, shall excuse Seller from proceeding with this Order as changed. Any disagreement between the parties arising out of this Section 14 shall be resolved in accordance with Section 27 of these Terms and Conditions.

14.4 *Government Prime Contract.* If this Order is placed under a Government Prime Contract, the pricing of any equitable adjustment hereunder, or of any other adjustment under this Order, shall be

in accordance with the cost principles enunciated in Part 31 of the FAR in effect on the effective date of this Order.

14.5 *No Constructive Changes.* Information, advice, approvals, or instructions given by Buyer's technical personnel or representatives other than Buyer's Authorized Representative shall be deemed expressions of personal opinion only and shall not affect Buyer's and Seller's rights or obligations and shall not be suspensions or changes within the meaning of this Section 14.

15. **Warranty.**

15.1 *Express Warranty.* In addition to the warranties set forth elsewhere in this Order, Seller expressly warrants to Buyer, its successors and Customers that as of the effective date of the Order and at each shipment of Goods or performance of Services under this Order and continuing during the warranty period, such Goods or Services will:

- (A) conform in all respects to the specifications, standards drawings, samples or other descriptions furnished or specified by Buyer (including, without limitation, as to fit, form, function, and appearance);
- (B) be useable and merchantable;
- (C) be free from latent, patent, or other defects in design, material and workmanship;
- (D) be delivered new, with good title, and free from all liens, claims, and encumbrances;
- (E) comply with all industry standards, laws, rules, and regulations including such standards, laws, rules, and regulations in force in countries where the Goods or vehicles equipped with such Goods are to be sold; and
- (F) be fit and sufficient for the purposes intended.

15.2 *Incorporation of other Warranties.* All warranties are in addition to any Customer-required warranties relating to the Goods or Services into which the Goods or Services are incorporated. All such Customer-required warranties are incorporated by reference in this Order. In addition, the warranties provided hereunder are in addition to all other warranties, express, implied or statutory, and will survive Buyer's inspection, test, delivery, acceptance, use and payment of and for the Goods, and inure to the benefit of Buyer, its successors and assigns, and Buyer's Customers and the users of Buyer's or its Customer's products. Seller may not limit or disclaim the warranties provided hereunder. Buyer's approval of Seller's designs, materials, processes, drawings, specifications or the like will not be construed to relieve Seller of any warranties, nor will a waiver by Buyer of any required specification as to any particular Good or Service constitute a waiver of any such requirements for the remaining Goods to be delivered or Services to be performed unless so stated by Buyer in writing.

15.3 *Warranty Period.* All warranties provided hereunder will be effective for the longer of (a) the period provided by applicable law or (b) the warranty period provided by Buyer to its Customer; provided, however, if Buyer or its Customer, voluntarily or pursuant to a Government mandate, provides a remedial action to address a defect or condition that relates to motor vehicle safety or the failure of the vehicle to comply with any applicable law, safety standard or guideline, whether in connection with a Recall (as defined in Section 20) or other Customer satisfaction or corrective service action (a "Remedial Action"), the warranty will continue for such time period as may be dictated by Buyer's Customer(s) or

the federal, state, local or foreign government where the Goods are used or provided. In addition, and notwithstanding any expiration of a warranty period set forth hereunder, Seller will be liable for costs and damages associated with the conduct of any Remedial Action to the extent that such Remedial Action is based upon Buyer's reasonable determination that the Goods or Services fail to conform to the warranties set forth in this Order.

15.4 *Defense of Warranty Claims.* To mitigate its damages, Buyer may, at its sole option, defend any claim that any Goods or Services supplied by Seller are defective, in breach of warranty, or otherwise do not meet applicable legal or contractual requirements. Because Buyer's Customer(s) may attempt to hold Buyer responsible for problems caused in whole or in part by Seller. Seller and Buyer agree that this defense is in the interest of both Seller and Buyer. Seller waives the right to argue that the fact that Buyer took any such position in any way limits Buyer's right to assert a claim against Seller for breach of warranty, contribution, indemnification or other claim that may arise from or be related to the subject matter of any of the foregoing.

16. **Intellectual Property.**

16.1 *Ownership.* Buyer shall own any Intellectual Property invented, authored, or developed by Seller in the performance of this Order, and Seller shall (i) execute and deliver to Buyer all documents necessary to perfect Buyer's title in such Intellectual Property, including, but not limited to, assignments of all right, title, and interest Seller may have in such Intellectual Property; (ii) obligate Seller's employees and/or contractors involved in the invention or development of such Intellectual Property to execute all documents necessary to perfect Buyer's title in such Intellectual Property, including, but not limited to, inventor's declarations and assignments of all right, title, and interest such employees and/or contractors may have in such Intellectual Property; and (iii) obtain and deliver to Buyer all such executed documents as set forth in section (ii) above. All works of original authorship created by Seller in connection with this Order are "works made for hire" as that term is used in connection with the U.S. Copyright Act. Seller will not assert or transfer to any third party a right to assert against Buyer or its Customers any Intellectual Property rights that Seller has or may have that are applicable to the Goods or any works of authorship used or furnished under this Order.

16.2 *Licenses.* Buyer hereby grants Seller a nonexclusive, royalty-free, revocable, worldwide right and license to use Intellectual Property invented, authored, or developed by Seller in the performance of this Order, and to make, have made, use, sell, offer for sale, or import into the United States (and all other countries in which Seller may have rights in such Intellectual Property) Goods, processes, services, or inventions incorporating or embodying such Intellectual Property, for the sole purpose of fulfilling Seller's requirements and responsibilities under this Order that relate to the Goods or Services furnished under this Order. Seller hereby grants Buyer a nonexclusive, royalty-free, irrevocable, worldwide right and license, with the right to grant sublicenses, to use Intellectual Property owned, invented, authored, or developed by Seller prior to the date of this Order that relates to the Goods or Services furnished under this Order, and to make, have made, use, sell, offer for sale, or import into the United States (and all other countries in which Seller may have rights in such Intellectual Property) Goods, processes, services, or inventions incorporating or embodying such Intellectual Property, for the sole purpose of fulfilling Buyer's requirements and responsibilities under this Order or any contract that relates to the Goods or Services furnished under this Order.

16.3 *Intellectual Property Warranty.* Seller warrants that the sale, use, or incorporation into manufactured products of all Goods, Services, devices, software, and rights furnished or licensed hereunder which are not solely of Buyer's design, composition, or manufacture will not infringe on any patent, copyright, trademark or other proprietary rights. Seller shall indemnify, defend and hold Buyer and its Customers harmless from any and all expenses, liability, and loss of any kind (including all costs

and expenses including attorneys' fees) growing out of claims, suits, or actions alleging such infringement, including proceedings under 28 USC § 1498, which claims, suits, or actions Seller agrees to defend at Seller's sole cost and expense on behalf of Buyer and Buyer's indemnitees. Buyer agrees to give Seller notice of any such suit or action promptly after notice is received by Buyer and Seller agrees to conduct, at its own expense, the entire defense thereof; provided, however, Buyer may, at its own election and expense, supersede Seller at any time in any such defense in which event Seller shall thereby be released from its obligation to defend (but not indemnify) Buyer under this paragraph with respect to the particular suit or action involved.

16.4 *Government Prime Contracts.* If this Order is placed under a United States Government Prime Contract or subcontract, the indemnification set forth in Section 16.3 above shall extend to the United States Government only if and to the extent that the United States Government is or may be indemnified by Buyer.

16.5 *Replacement/Modification of Infringing Goods.* Seller may replace or modify infringing Goods or Services with comparable goods or services acceptable to Buyer of substantially the same form, fit, and function so as to remove the source of infringement, and shall extend this provision to such comparable goods or services. If the use or sale of any of the infringing Goods or Services or comparable goods or services is enjoined as a result of such claim, suit, or action, Seller, at no expense to Buyer, shall obtain for Buyer and Buyer's Customers the right to use and sell the infringing Goods or Services or comparable goods or services.

16.6 *Government Authorization.* Where the Government has received from Buyer the right to authorize use of Buyer's Intellectual Property by Seller, Seller may utilize such Intellectual Property in the manufacture of Goods or provision of Services for direct sale to the Government; provided, however, that Seller shall (i) give Buyer prior written notice of each such proposed use; (ii) prominently identify each item being provided by Seller for direct sale to the Government, (iii) pay Buyer any applicable royalty, and (iv) make no claim against Buyer which arises out of Seller's use of Buyer's Intellectual Property.

17. **Proprietary Information.**

17.1 *Existing PIA Governs.* If a proprietary information, mutual confidentiality, or non-disclosure agreement ("**PIA**") exists between Buyer and Seller covering the Goods, Services, or this Order, the term of such PIA shall be and is hereby extended to be co-terminus with this Order, and such PIA is incorporated herein by reference and shall govern the use and disclosure of Proprietary Information hereunder.

17.2 *No PIA.* In the event no PIA covering the Goods, Services, or this Order exists between Buyer and Seller, or such PIA does not already include the following terms, the following terms shall apply:

- (A) *Marking.* A party disclosing Proprietary Information ("**Disclosing Party**") shall mark or otherwise designate as "proprietary" or "confidential" any written or electronic information that it discloses to a party receiving Proprietary Information ("**Receiving Party**") under this Agreement. Any Proprietary Information that is disclosed orally shall be treated as Proprietary Information for purposes of this Agreement if (i) it is contemporaneously identified by Disclosing Party to Receiving Party as such, and (ii) Disclosing Party gives written notice to Receiving Party within ten (10) days of the disclosure.

- (B) *Confidentiality.* Proprietary Information provided by Buyer to Seller shall be kept confidential by Seller, whether or not designated as Proprietary Information, and Seller will not disclose or use, directly or indirectly, such Proprietary Information for the benefit of Seller or any other third party without Buyer's prior written consent and only as required for performance of this Order, except as provided in Sections 17.2(C) and 17.2(D) below. Information, including but not limited to technical information, drawings, and data, submitted at any time by Seller to Buyer relating to Goods or Services covered by this Order or Seller's business are not deemed to be Proprietary Information unless otherwise specifically agreed to in a writing signed by Buyer. Any restrictive markings affixed upon any such information furnished to Buyer shall be of no force or effect, may be modified, removed or ignored by Buyer without any liability to Seller, and may be used by Buyer in any way in the conduct of its business. Seller's sole rights with respect to use of such information by Buyer, its successors, subsidiaries, licensees, affiliates, or parents shall be determined only by valid pre-existing patent rights of Seller as related to the manufacture, use or sale of Goods covered by this Order. Seller agrees to promptly notify Buyer of any pre-existing patents or any other form of protection that Seller holds or knows that relates to the Goods to be provided under this Order.
- (C) *No Restriction on Reporting Fraud, Waste, or Abuse.* Receiving Party understands that, as provided in the Defend Trade Secrets Act of 2016 ("DTSA"), Receiving Party shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that: (1) is made in confidence to a federal, state, or local government official, either directly or indirectly, or to an attorney, and solely for the purpose of reporting or investigating a suspected violation of law; or (2) is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal. Furthermore, under the DTSA, nothing in this Agreement prohibits Receiving Party from disclosing a company trade secret to Receiving Party's attorney, or from using trade secret information in a court proceeding in which Receiving Party makes a claim against Disclosing Party for retaliation based on reporting a suspected violation of law, provided that: (1) Receiving Party files under seal any document containing a trade secret; and (2) Receiving Party does not disclose a trade secret, except pursuant to court order. Receiving Party also understands that nothing in this Agreement prohibits or otherwise restricts Receiving Party from: (1) lawfully reporting or seeking to report waste, fraud, or abuse to a designated investigative or law enforcement representative of a U.S. Government department or agency authorized to receive such information; or (2) communicating with any federal, state, or local governmental agency, or participating in an investigation by any such agency. Nothing in this Agreement requires Receiving Party to notify or seek approval from Disclosing Party at any time regarding activities described in this provision.
- (D) *Government Authorization.* Where the Government has received from Buyer the right to authorize Seller to use Buyer's Proprietary Information, Seller may use such Proprietary Information in the manufacture of Goods or provision of Services for direct sale to the Government; provided, however, that Seller shall (i) give Buyer prior written notice of each such proposed use; (ii) prominently identify each item being provided by Seller for direct sale to the Government; and (iii) make no claim against Buyer which arises out of Seller's use of Buyer's Proprietary Information.

18. **Subcontracting.**

18.1 *Subcontractors.* Seller will not subcontract any of its duties or obligations under this Order without the prior written approval of Buyer. If Seller subcontracts any of its duties or obligations under this Order with a subcontractor approved by Buyer, Seller will ensure that all such subcontractors comply with the requirements hereunder. At Buyer's request, Seller will certify in writing Seller's and its subcontractor's compliance with all such requirements. Buyer will have the right to audit and monitor Seller's and its subcontractor's compliance with Seller's and its subcontractor's obligations under this Order including, without limitation, verifying at the premises of Seller or any subcontractor that the subcontracted Goods or Services conform to the requirements of this Order. Any audit by Buyer will not (i) shift responsibility for quality by the subcontractor from Seller to Buyer, (ii) absolve Seller of the responsibility to provide acceptable and conforming Goods or Services, or (iii) preclude subsequent rejection of Goods or Services by Buyer. Notwithstanding any audit by Buyer, Seller remains fully liable for any work subcontracted.

18.2 *Assignment of Rights.* In the event Seller cannot fulfill one or more of its obligations under this Order, Seller will, at Buyer's option and in addition to any other rights or remedies available to Buyer under this Order or otherwise, assign to Buyer all of Seller's rights with respect to any of Seller's subcontractors under this Order.

19. **Indemnification, Defense, and Hold Harmless.**

19.1 *Indemnification, Defense, and Hold Harmless by Seller.* In addition to Seller's other indemnification obligations under this Order, Seller covenants and agrees to indemnify, defend and hold harmless Buyer and its affiliates and subsidiaries, and their respective Customers (including the U.S. Government), members, directors, officers, employees and agents (the "Indemnitees"), from and against any and all claims, liabilities, damages (including actual, special, consequential, punitive and exemplary damages), settlements, judgments, losses, penalties, costs and expenses (including, without limitation, actual attorney's fees, costs of experts and consultants) that are related to or arise out of:

- (A) the Goods or Services;
- (B) Seller's representations;
- (C) Seller's performance of or failure to perform obligations under this Order, including, without limitation, claims based on Seller's breach or alleged breach of warranty (whether or not the Goods have been incorporated into Buyer's products and/or resold by Buyer);
- (D) noncompliance by one of Seller's subcontractors ("**Subcontractor**") with any requirement imposed on Seller or Subcontractor under this Order;
- (E) any violation of any applicable law, ordinance or regulation or government authorization or order by Seller or Subcontractor in connection with this Order;
- (F) damages to the property of or injuries (including death) to Indemnitees or any other person arising from or in connection with Seller's or Subcontractor's performance of this Order, work on Buyer's premises, or otherwise in connection with the use of Buyer's property; or

- (G) the commercialization or utilization of any of Seller's or Subcontractor's technology applied in connection with this Order, including, but not limited to, the making, using, selling, or exporting of products, processes, or services derived from such technology.

19.2 *Buyer's Designs.* Seller's indemnification obligations will apply even if Buyer furnishes all or a portion of the design and specifies all or a portion of the processing used by Seller.

20. **Recall.** If Buyer, on its own initiative or pursuant to a government mandate, makes a recall or other field-service action or Customer recall campaign (a "**Recall**"), Seller will be liable to Buyer for all damages related to such Recall to the extent the Recall arises in any way from a defective Good or Seller's breach of any provision set forth in this Order.

21. **Remedies.**

21.1 *Cumulative.* The rights and remedies reserved to Buyer in this Order shall be cumulative, and in addition to all other or further remedies provided in law or equity.

21.2 *Remedies for Nonconforming Goods or Services.* Without limiting the foregoing, should any Goods fail to conform to the warranties set forth herein or if the materials contained within the Goods are alleged to or are determined to cause injury to third parties, Buyer shall notify Seller and Seller shall, if requested by Buyer, reimburse Buyer for any incidental, special and consequential damages caused by such nonconforming Goods or Services, including, but not limited to, costs (including all attorney's or other professional fees), expenses and losses incurred by Buyer (a) in inspecting, sorting, containing, repairing or replacing such nonconforming Goods or Services; (b) resulting from production interruptions, (c) in conducting Recalls, (d) from claims or litigation arising from personal injury (including death) or property damage caused by such nonconforming Goods or Services, and (e) for any amounts for which Buyer is liable to its Customer on account of such nonconforming Goods or Services. If requested by Buyer, Seller will enter into a separate agreement for the administration or processing of charge backs for nonconforming Goods or Services. In addition, Seller shall reimburse Buyer for all liability, claims, demands or expenses (including attorney's or other professional fees) arising from or relating to Seller's breach or anticipatory repudiation of this Order or any other contract between Seller and Buyer, a request or demand by Seller to modify or change the terms of this Order, or legal proceedings involving Seller that, in the reasonable judgment of Buyer, may impact Seller's continued or future performance under this Order, or if Seller is a party to a court case or proceedings in which Buyer appears, participates, monitors or becomes a party. In the event this Order is issued or renewed after Seller becomes a debtor in bankruptcy, Buyer shall be entitled to all of its attorneys' or other professional fees arising from or relating to the bankruptcy case, including for monitoring the case.

21.3 *Specific Performance.* In the event that Seller fails or refuses to deliver Goods or Services, or otherwise repudiates any provision of this Order, Seller agrees that Buyer may seek specific performance of Seller's obligations under this Order and Buyer reserves all of its remedies as provided under this Order and under applicable law.

21.4 *No Lost Profits or Special, Incidental, or Consequential Damages.* In no event will Buyer be liable to Seller or Seller's subcontractors for anticipated profits or for special, incidental or consequential damages.

21.5 *Additional Remedies.* In the event of a breach, cancellation or termination of this Order or these Terms and Conditions, Buyer shall be entitled to one or more of the following additional remedies:

- (A) Require that Seller:
- (1) Immediately stop production of any Goods, performance of any Services, and/or use of any Buyer-furnished property or Seller Property;
 - (2) Disassemble and segregate Buyer-furnished property or Seller Property from any other property, including the removal of Buyer-furnished property or Seller Property from presses or other machinery;
 - (3) Allow Buyer to immediately take possession of the Seller Property, which includes the right to enter onto Seller's premises or to require Seller to pack and ship the Seller Property, at Seller's expense, to a destination selected by Buyer; and
 - (4) Indemnify and hold harmless Buyer from any third party claim, including any claim relating to or arising out of this Order or these Terms and Conditions, or the substance hereof, or arising out of any state mechanic's lien or similar statute.
- (B) Seller will provide the Buyer with any engineering, package and installation drawings, specifications, testing protocols and results, documents, data and design aides, bills of materials, manufacturing process information, and other information relating to the Goods or Services ("**Technical Information**") requested by the Buyer that is required for the relocation, installation, assembly, maintenance, or use of the Buyer-furnished property and Seller Property, without restrictions on disclosure or use by Buyer. Seller agrees not to assert any claim with respect to any Technical Information that Seller has or may disclose to Buyer in connection with its performance of these Terms and Conditions; and
- (C) To the extent Buyer may have paid for prototype tooling for the Goods under a separate purchase order or other agreement, then in order to ensure that Buyer could make full beneficial use of the rights provided in these Terms and Conditions and Order, Seller will provide the following for such Goods: (a) any prototype tools (e.g. dies and molds), including without limitation, any computer aided design data for such prototype tools, and (b) in each case as applicable, the specifications, bills of material, Seller information for any purchased components used in such prototype tools, and manufacturing process information regarding such prototype tools.

22. **Insurance.** Seller will maintain insurance coverage with carriers acceptable to Buyer and in the following amounts: Comprehensive General Liability/Product Liability of not less than combined single limits of \$5 million and Professional Liability/Error & Omission of not less than combined single limits of \$5 million. All such insurance coverage will name Buyer as loss payee and as an additional insured. Seller will furnish to Buyer certificates of insurance and additional insured endorsements setting forth the amount of coverage, policy number and date(s) of expiration and otherwise showing compliance with the insurance requirements hereunder prior to Seller performing work under this Order. All such certificates of insurance and endorsements must not be subject to cancellation, material alteration, or reduction in the amount or scope of coverage except after thirty (30) days prior written notice by the insurer via certified mail to the additional insured. The limits of liability coverage set forth above are established as minimum coverage required of Seller and will in no way be construed as a limitation of the liability of Seller under any hold-harmless or indemnification provision contained in this Order. The

Seller's policies must contain a provision by the respective insurers waiving the right of such insurers to subrogation. The waiver of subrogation must be in favor of Buyer and its members, officers, employees, agents, successors and assigns. Seller's furnishings of certificates of insurance or purchase of insurance will not release Seller of its obligations or liabilities under this Order. If Seller fails to maintain any insurance under this Order, Buyer will have the right to procure such insurance and Seller will reimburse Buyer on demand, for all actual costs and expenses of procuring such insurance.

23. **Termination for Default.**

23.1 *Buyer's Right to Terminate for Default.* Buyer has the right to immediately terminate all or any part of this Order, without any liability to Seller, Seller's subcontractors, Seller's suppliers, or otherwise if:

- (A) Seller repudiates, breaches or threatens to repudiate or breach any of the terms of this Order (or any other order issued by Buyer to Seller), including, without limitation, Seller's warranties;
- (B) Seller fails to deliver the Goods or perform the Services within the time specified in this Order or Schedule Notices furnished by Buyer, or any extension thereof;
- (C) Seller fails to perform any of the other provisions or meet any of the requirements of this Order;
- (D) Seller conditions the continued full performance of its obligations under this Order on Buyer's agreement to modify the terms of this Order; or
- (E) Seller fails to make progress so as to endanger performance of this Order.

23.2 *Cure Period.* Buyer's rights to terminate this Order under Sections 23.1(A), 23.1(C), and 23.1(E) may be exercised if Seller does not cure such default within 10 days (or more if authorized in writing by Buyer) after receipt of the notice from Buyer specifying the default. No such cure notice or period is required for a termination under Sections 23.1(B) or 23.1(D).

23.3 *Replacement Costs.* If Buyer terminates this Order in whole or in part for default, it may acquire, under the terms and in the manner Buyer considers appropriate, goods or services similar to those terminated, and Seller will be liable to Buyer for any excess costs of those goods or services. Seller must, however, continue the work not terminated.

23.4 *Transfer of Completed Goods/Materials.* If this Order is terminated in whole or in part for default, Buyer may require Seller to transfer the title to and deliver to Buyer, as directed by Buyer, any (1) completed Goods, and (2) partially completed Goods, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "**Manufacturing Materials**") that Seller has specifically produced or acquired for the terminated portion of this Order. Upon direction of Buyer, Seller shall also protect and preserve property in its possession in which Buyer has an interest.

23.5 *Payment for Completed Goods/Materials.* Buyer shall pay the Order price for completed Goods and Services delivered and accepted. Seller and Buyer shall agree on the amount of payment for Manufacturing Materials delivered and accepted and for the protection and preservation of the property. Failure to agree will be a Dispute (as defined in Section 27 of these Terms and Conditions). Buyer may withhold from the amounts payable under this Section 23.5 any sum Buyer determines to be necessary to protect Buyer against loss because of outstanding liens or claims of former lien holders.

23.6 *Termination Remedies Cumulative.* The rights and remedies of Buyer in this Section 23 are in addition to any other rights and remedies provided by law, including the U.C.C. as adopted by the State of Indiana, in equity, or under this Order. If, after termination, it is determined that the none of the events specified under Section 23.1 occurred and Seller is not otherwise in breach of this Order, the rights and obligations of the parties will be the same as if the termination had been issued pursuant to Section ~~24.1~~^{24.4} of these Terms and Conditions without Buyer having any obligation under Section 24.3.

24. **Termination for Convenience.**

24.1 *Buyer's Termination for Convenience.* In addition to any rights of Buyer to terminate this Order for cause, Buyer may, at its option, upon thirty (30) days prior written notice to Seller, terminate all or any part of this Order. Such termination shall not constitute a breach or default by Buyer.

24.2 *Obligations of Seller.* Thirty (30) days after receipt of notice of termination pursuant to Section 24.1 ("**Effective Date of Termination**"), Seller, unless otherwise directed in writing by Buyer, will: (i) immediately terminate all work under this Order and immediately inform all subcontractors to cease work pursuant to this Order; (ii) transfer title and deliver to Buyer the usable and merchantable finished Goods that Seller produced or acquired in accordance with the last issued Schedule Notices or, if no Schedule Notices were issued, this Order, and in each case, which Seller cannot reasonably use in producing goods for itself or for others; (iii) take actions reasonably necessary to protect property in Seller's possession which Buyer has an interest; and (iv) upon Buyer's request, cooperate with Buyer in effecting the resourcing of the Goods covered by this Order to an alternative supplier designated by Buyer.

24.3 *Termination Charges.* Upon a termination pursuant to Section 24.1, Buyer will pay Seller the following amounts without duplication: (a) the Order price for all Goods or Services that have been completed and delivered in accordance with this Order and the Schedule Notices (if applicable) and for which Buyer did not pay previously; (b) the actual costs incurred by Seller (exclusive of profit) for all work in process, raw materials fabricated or procured by Seller and finished goods inventory, in each case, to the extent such costs and quantities are reasonable in amount and, in the case of quantities, are in amounts not in excess of those amounts called for in the Order or, if the quantities specified in the Order are Buyer's requirements, in the Schedule Notices issued by Buyer prior to the Effective Date of Termination; and (c) the actual out-of-pocket cost incurred by Seller in protecting any Buyer-furnished property. In no event, however, will payments made under this Section 24.3 exceed the aggregate price payable by Buyer for finished Goods or Services which would be produced by Seller under either (i) the Schedule Notice(s) outstanding on the Effective Date of Termination or (ii) if no Schedule Notices are issued to Seller, this Order. Buyer is not liable for and shall not be required to make any other payments to Seller, directly, indirectly, or otherwise, including on account of claims by Seller's subcontractors, for loss of anticipated profit, unabsorbed overhead, interest on claims, product development and engineering costs, facilities and equipment rearrangement costs or rental, unamortized depreciation costs and general and administrative burden charges from termination of this Order. Notwithstanding the foregoing, Buyer shall have all rights and obligations accruing both at law or equity, including Buyer's rights to title and immediate possession of Goods for which Buyer has made payment.

24.4 *Termination Claim.* Within sixty (60) days from the Effective Date of Termination, Seller must submit to Buyer a comprehensive termination claim setting forth the amounts described in Section 24.3, with sufficient supporting data to permit Buyer's audit, and shall thereafter promptly furnish such supplemental and supporting information as Buyer requests. Buyer, or its agents, will have the right to audit and examine all books, records, facilities, work, material, inventories and other items relating to Seller's termination claim and Seller will cooperate fully with Buyer in the conduct of such audit. The principles in FAR 31.205-42 shall apply.

25. **Insolvency.**

25.1 *Seller's Solvency.* Seller represents and warrants to Buyer as of the effective date of this Order (which representations and warranties will be deemed repeated as of the date of Seller's acceptance of each Schedule Notice under this Order or at the time of each delivery under this Order) that (a) it is not insolvent and is paying all debts as they become due; (b) it is in compliance with all loan covenants and other obligations; (c) that all financial information provided by Seller to Buyer concerning Seller is true and accurate; (d) that such financial information fairly represents Seller's financial condition; and (e) that all financial statements of Seller have been prepared in accordance with generally accepted accounting principles, uniformly and consistently applied.

25.2 *Operational Problems.* Seller agrees that if Seller experiences any delivery or operational problems, (a) Seller will permit Buyer and its representatives to review Seller's books and records concerning compliance with this Order and Seller's overall financial condition and agrees to provide Buyer with full and complete access to all such books and records for such purpose upon Buyer's request and (b) Buyer may, but is not required to, designate a representative to be present in Seller's applicable facility to observe Seller's operations. Seller agrees that, if Buyer provides to Seller any accommodations (financial or otherwise) that are necessary for Seller to fulfill its obligations under this Order, Seller must reimburse Buyer for all costs, including attorneys' and other professionals' fees, incurred by Buyer in connection with such accommodation and will grant a right of access to Buyer to use Seller's premises, machinery, equipment and other property necessary for the production of Goods covered by this Order (and a lien to secure the access right) under an access and security agreement.

25.3 *Termination for Insolvency.* Buyer may terminate this Order in the event of the happening of any of the following or any other similar or comparable event and such termination shall not constitute a breach or default by Buyer:

- (A) insolvency of Seller;
- (B) the filing of a voluntary petition in bankruptcy by Seller;
- (C) the filing of any involuntary petition to have Seller declared bankrupt that is not vacated within thirty (30) days from the date of filing;
- (D) the appointment of a receiver or trustee for Seller, provided such appointment is not vacated within thirty (30) days from the date of such appointment;
- (E) the execution by Seller of an assignment for the benefit of creditors; or
- (F) Seller's inability to promptly provide Buyer with adequate and reasonable assurance of Seller's financial and operational capability to perform timely any of Seller's obligations under this Order.

25.4 *No Waiver.* The exercise by Buyer of the right of termination under this Section 25 shall not impose any liability upon Buyer by reason of the termination nor have the effect of waiving damages to which Buyer might otherwise be entitled.

26. **Setoff and Retention/Withholding.** All amounts due from any of Buyer or its parent companies or their affiliates, subsidiaries or divisions ("**Buyer Group**") to Seller or its parent companies or their affiliates, subsidiaries or divisions ("**Seller Group**") will be considered net of indebtedness of any member of Seller Group to any member of Buyer Group whether under this Order or otherwise. In addition

to any right of setoff, deduction or recoupment provided or allowed by law, any member of Buyer Group may, without notice to Seller or any other member of Seller Group, set off against, and deduct and/or recoup from, any amounts due or to become due from any member of Buyer Group to any member of Seller Group under this Order or otherwise any amounts due or to become due from any member of Seller Group to any member of Buyer Group under this Order or otherwise, including, without limitation, any damages resulting from breaches by Seller of its obligations under this Order or any agreement between Buyer and Seller. If an obligation of Seller Group is disputed, contingent or unliquidated, any member of Buyer Group may defer payment of all or any portion of an amount due to any member of Seller Group under this Order or otherwise until such dispute or contingency is resolved or the obligation is liquidated. Without limiting the generality of the foregoing, and by way of example only, in the event of Seller's bankruptcy, if all of the orders (including this Order) between Buyer and Seller have not been assumed (under applicable bankruptcy law), then Buyer may withhold payment to Seller for Goods previously delivered (via administrative hold or otherwise) until the risk of potential rejection and other damages is eliminated.

27. **Dispute Resolution.**

27.1 *Procedure.* Any claim against Seller for failure to deliver the Goods or for breach or repudiation of this Order, as well as any other claim by either party for the threatened, alleged or actual breach of this Order by either party (a "**Dispute**"), which cannot otherwise be resolved within thirty (30) days of written notice of the dispute through negotiations by the parties, may be adjudicated in a court of competent jurisdiction in accordance with Section 34.9 of these Terms and Conditions.

27.2 *Obligation to Perform.* Pending final decision by a court of competent jurisdiction in accordance with Section 34.9 of any dispute concerning this Order, Seller shall proceed with performance of this Order. If the dispute arises out of a difference in interpretation between the parties as to any requirement of this Order (including regarding specification, delivery, quality, or pricing), then Seller shall continue performance in accordance with Buyer's interpretation of the requirements.

27.3 *Dispute Under a Government Prime Contract.* If, by a final decision, the Contracting Officer of a U.S. Government Prime Contract interprets any provision or requirement of a U.S. Government Prime Contract (including exhibits, appendices, and attachments thereto and documents referred to therein), and the same or substantially similar provision or requirement is contained in this Order (including exhibits, appendices, and attachments thereto and documents referred to therein), such interpretation shall be binding between Buyer and Seller at Buyer's option. Buyer shall afford Seller a reasonable opportunity to appeal such decision in Buyer's name; provided, however, that Buyer shall at all times be the sponsor of any appeal and may revoke its sponsorship at any time. Seller agrees to provide to Buyer any and all information requested by Buyer for the purpose of verifying, supporting, or providing any and all certifications required in any claim or appeal by the Contract Disputes Act of 1978, 41 U.S.C. Section 7101 et seq. or otherwise. Any such appeal shall be at the sole expense of Seller. (As used in this provision, the term "appeal" shall include any and all proceedings under this provision before any board of contract appeals or federal court.) Except as may be expressly set forth herein and with the Government's express consent, Seller shall not acquire any direct claim or direct cause of action against the Government. Despite Section 34.9 of these Terms and Conditions, the choice of law for any dispute directly against the Government shall be governed by FAR 52.233-4.

27.4 *Claims Against Buyer's Customers.* If Seller asserts against Buyer a claim for either damages or an equitable adjustment in a situation where the facts constituting such claim would also support a claim by Buyer against Buyer's Customer, prior to initiating any action or suit on such claim against Buyer in any court, if Buyer so authorizes, Seller shall pursue, to exhaustion of its administrative and judicial remedies, such claim in Buyer's name and at Seller's cost against Buyer's Customer.

27.5 *Reference to Disputes in FAR and DFARS.* Any reference to the “Disputes” clause in any applicable FAR or DFARS clause incorporated into this Order shall mean this Section 27.

28. **Compliance with Laws.**

28.1 *General.* Seller shall comply with all federal, state and local laws, orders, rules, regulations, and ordinances that are applicable to Seller’s performance of its obligations under this Order, and such compliance shall be a material requirement of this Order.

28.2 *Indemnification.* Seller will indemnify, defend and hold Buyer and its Customer harmless from and against any liability, claims, demands or expenses (including attorney’s or other professional fees) arising from or relating to Seller’s noncompliance with any applicable laws and regulations, including for improper or illegal usage or disposition of hazardous goods and substances.

28.3 *Child Labor.* By acceptance of this Order, Seller agrees and declares that it has complied with and has not violated in any way the Child Labor provisions of the Fair Labor Standards Act of 1949, as amended.

28.4 *Discrimination.* By Acceptance of this Order, Seller certifies that it will comply with all applicable provisions of E.O.11246 and E.O.11375, as amended; the Vietnam Era Veterans Readjustment Act of 1974; E.O.11701; The Rehabilitation Act of 1973; E.O.11758 and the rules, regulations and relevant orders of the Secretary of Labor. Seller shall abide by the requirements of 41 CFR 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or disability.

28.5 *Health, Safety, and Environmental Regulations.* Seller warrants that the Goods sold pursuant to this Order, and their performance when installed, will conform to the requirements of the Occupational Safety and Health Act of 1970 as amended and all regulations and standards formulated thereunder and any State requirements related thereto including F-1589 SBR7 (11/02). Seller further warrants that the Goods will be in compliance with applicable product safety and environmental regulations.
