

HUMVEE[®] FAMILY OF VEHICLES SERVICE KITS AND PACKAGES

AM General's **Preventative Maintenance Checks and Service Kits (PMCS)**
are tailored for all HUMVEE light tactical vehicles

Cost effective, **single-source solution** for fleet maintenance, procurement, and vehicle lifecycle support

Thorough vehicle PMCS ensures operational readiness and prolongs vehicle life to maintain a **strong fleet**

Routine vehicle service and inspections serve as the cornerstone for achieving optimal **vehicle readiness**

REQUIRED INTERVALS FOR PMCS

Your HUMVEE technical manual provides instructions for servicing, inspection, adjustment and lubrication of your vehicle fleet at the following mandatory intervals:

SEMIANNUALLY

Every 6 months or 4,828 km (3,000 miles), whichever comes first

ANNUALLY

Every 12 months or 9,656 km (6,000 miles), whichever comes first

BIENNIALLY

Every 24 months or 19,312 km (12,000 miles), whichever comes first

HUMVEE

SERVICE KITS AND PACKAGES

Designed to support and conduct thorough scheduled maintenance procedures outlined in the appropriate HUMVEE technical manual.

2-YEAR PMCS SERVICE KIT PACKAGES

Includes the semiannual, annual, and biennial kits* to conduct scheduled services for a two year period or 12,000 miles (19,312 km). This package will benefit customers with high operational tempos or operations in unusual conditions which demand higher frequency maintenance intervals.
